**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Hey guys, we really do exist (despite USTelecom's claims to the contrary). Every day we make great use of unbundled copper and inter-city fiber transport elements. We get ours from Sonic.net.

We selected Sonic as our provider because

- (a) their internet access really works, and at bandwidth sufficient to our needs
- (b) they provide totally outstanding technical support, and
- (c) they provide great telephone service too
- (d) AND they charge way less than the cable co's

We want MORE not less competition with cable companies.
